

SERVICE PROPOSAL

Project: Laji MyKid Launch Campaign

To: Laji Team
Issued by: Esoe Bidje Fildine
Date: 26 August 2026
Reference: INV-2026-08#261

1. PROJECT OVERVIEW

This proposal covers the design and execution of the initial launch campaign for the Laji **MyKid** sub-brand. The goal is to generate awareness and excitement before the product launch, emphasising the core themes of playful connection, joyful protection, and peace of mind for parents.

The design direction will strictly adhere to the Laji MyKid brief: very playful, bright, and high energy. We will utilise the core Laji brand colours (deep purple and bright yellow), integrate vibrant kid-friendly secondary colours, and adapt a clean, motion-graphic illustration style that is universally appealing and modern.

2. CONFIRMED DELIVERABLES

2.1 Social Media Assets (17 Total)

Phase 2: The Reveal (Posts 6-12)

Focus: "Something playful is coming." Building curiosity without revealing the product.

- **Post 1 (Image):** Close-up macro shot of the bright yellow Laji logo on a blurred, colourful playground background.
- **Post 2 (Graphic):** Bold, playful typography: "What belongs to you comes back to you."
- **Post 3 (Image):** A parent holding a child's hand. Only the child's wrist is in focus, wearing a brightly colored, unbranded wristband.
- **Post 4 (Graphic):** An abstract, clean motion-graphic style illustration of a heart and a shield combining seamlessly.
- **Post 5 (Image):** A flat lay of colourful kids' items (toy car, small backpack, teddy bear) with small, blank purple squares placed near them.

Phase 2: The Reveal (Posts 6-12)

Focus: "Meet Laji MyKid." Introducing the product, the promise, and how it works.

- **Post 6 (Graphic/Carousel):** Introducing the MyKid logo and the core promise: "Connection, trust, protection made joyful."
- **Post 7 (Graphic):** "Scan to Rescue" explanation. A clean, modern infographic showing how the QR code works in an emergency using simple vector icons.
- **Post 8 (Image):** High-quality product shot of the new kids' wristbands in various bright colours, featuring the Laji MyKid tag.
- **Post 9 (Image):** Lifestyle shot of a child wearing the wristband while playing at a park, looking happy and unbothered.
- **Post 10 (Graphic):** App mockup integration. Showing a playful version of the "KNOW WHERE THEY ARE" screen, featuring smooth, modern graphic elements.
- **Post 11 (Image):** Close-up on the physical QR tag on a brightly colored wristband or backpack.
- **Post 12 (Graphic):** "Secure n' keep track of what matters to you" text graphic, utilising bright, fluid motion-graphic inspired shapes.

Phase 3: Engagement & Everyday Use (Posts 13-17)

Focus: "Everyday Protection." Showing real-world applications and peace of mind.

- **Post 13 (Image):** A child's backpack featuring a custom Laji MyKid sticker tag.
- **Post 14 (Graphic):** User-generated content style post: A quote from a "beta-tester" parent.
- **Post 15 (Image):** A parent scanning the child's wristband with their smartphone, smiling.
- **Post 16 (Graphic):** Checklist graphic: "Things you can tag with Laji MyKid" (Wristbands, bags, favourite toys, jackets).
- **Post 17 (Image):** A joyful, high-energy photo of a family running together, with the MyKid branding subtly integrated.

2.2 Video Content (3 Total)

- **Video 1: The Teaser (15 seconds)**

Fast-paced, colourful montage of kids playing, stopping abruptly on a black screen with the bright yellow Laji MyKid logo and "Coming Soon."

- **Video 2: The "How It Works" (30 seconds)**

A friendly explainer video utilising a clean, modern motion-graphic style. It shows attaching a sticker to a bag, scanning it to create a profile, and the "Scan to Rescue" feature with smooth transitions.

- **Video 3: The Emotional Hook (45 seconds)**

A lifestyle video focusing on the bond between parent and child, juxtaposing the child's freedom with the parent's reassurance. Ends with: "What's yours is yours."

2.3 Print & Physical Materials

- **Packaging:** Playful, brightly coloured blister packs or small, durable cardboard boxes for the wristbands and tags, featuring clear windows.
- **Instruction Inserts:** Designed like a mini comic book or colouring page for kids, with simple instructions for parents on the reverse.
- **The Core ID Sticker:** High-durability, waterproof square stickers featuring the QR code, the Laji web address, and the "SCAN TO RESCUE" CTA. Designed for hard surfaces (lunchboxes, helmets).
- **Themed Sticker Packs (No QR):** Sheets of fun, branded stickers for kids to decorate belongings. Designs will feature clean vector illustrations of shields, stars, and the Laji logo in fun colour-ways.
- **Iron-on Tags:** Soft, flexible QR tags designed to be ironed into the collars of jackets or sweaters.

3. CREATIVE DIRECTION NOTES

- All assets must strictly adhere to the "MyKid" persona: playful, bright, high energy, warm, and reassuring.
- The visual language will move away from blocky shapes to a clean, universally appealing motion-graphic style, utilising smooth curves, modern vector elements, and dynamic layouts.
- The final copy, product specifications, and any necessary legal disclaimers must be provided by the Laji team before final export.

4. SCOPE OF SERVICE

Included in this proposal:

- Design research, concepting, and layout development for all listed items.
- Creative direction alignment to ensure all assets fit the Laji MyKid sub-brand guidelines.
- Up to 2 reasonable revision rounds per deliverable.
- Export of final approved files in print-ready (for physical items) and digital-ready (for social/video) formats.

Not included unless added later:

- Extra concepts beyond the agreed direction
- Heavy copywriting or text development from scratch
- Rush delivery fees

5. TIMELINE

The estimated schedule depends on the timely provision of brand assets and feedback from the Laji team. A practical schedule is:

- **Phase 1:** Social Media Teaser Phase & Teaser Video concepting.
- **Phase 2:** Print Materials (Stickers, Tags, Packaging) design & "How It Works" Video.
- **Phase 3:** Remaining Social Media Assets & "Emotional Hook" Video.

A final delivery calendar can be confirmed once kickoff is approved.

6. GENERAL CONDITIONS

- Any additional requests outside the project scope require a new proposal.
- The client provides necessary brand assets (logos, fonts), unless otherwise agreed.
- 50% payment is required upon signing, with the remaining 50% due upon final delivery of assets.
- Prices exclude recurring costs (if any), such as hosting or physical printing.

7. ACCEPTANCE
